

Congratulations on your new Easyrig Minimax

The Easyrig Minimax is made by Easyrig for cameras up to 2-7 kg (4 - 15 lbs). Specially designed by a cameraman for serious operators. The Easyrig Minimax is manufactured in Sweden and has been ergonomically tested with optimal results. The Easyrig Minimax will be your best tool when you do reports, documentaries, commercials, news, sport events, yes, any occasion where handheld camera is required. The Easyrig Minimax gives the advantages of both handheld camera and tripod camera; i.e. with the speed and mobility of the handheld camera you can still achieve steady pictures. The Easyrig Minimax relieves your back and shoulders. The load is redistributed to the hips so that you can concentrate on the actual filming. You won't suffer from a strained back or shoulders as you would from normal handheld shooting and you will be able to work longer periods of time. With The Easyrig Minimax you will be rock steady!

Please send us the warranty card.
